Central's 2025 prom-goers kicked off an unforgettable evening by stepping onto the Yellow Brick Road at promenade, showing off their dresses and tuxedos. As they made their way down the path, they wandered through dreamy fields of poppies, posed at the end of the rainbow and even stopped for a photo op with a hot air balloon. The centerpiece of the night, though, was the grand Oz archway, a magical gateway where students struck their best poses for friends, family and photographers. After the enchanting stroll, students boarded buses bound for the dinner and the dance at the Edgewood Event Center, then returned to Central for the post-prom party. (Photos by Central Tatler)

**'Casino Night' • MFL MarMac Prom 2025**

"Casino Night" proved lucky for the dazzlingly dressed couples and friend groups at MFL MarMac's prom on April 26. Friends and family watched the grand march in the high school auditorium, before the students headed to the Prairie du Chien Country Club for the dance. After prom was held back at the school. (Left) Juniors Clayton Henkes and Jerica Wille were crowned prince and princess, while seniors Quinn McGeough and Garnett Niedziejko were selected 2025 king and queen. (Right) The force was strong with Maria Stavroplus and Tucker Ruff, who brandished light sabers during their grand march entrance. See more photos on the Times-Register social media.
