LENGTH OF SERVICE AWARD PROGRAM - Fire Chief, Landon Ruchotzke reported that the Firemen's Association signed into law the LOSAP program effectively July 1, 2025. The program is designed to recruit and maintain volunteer firefighters. There is a points system that members would earn points on calls, meetings and trainings. Landon understood it that the city could fund the maximum amount of \$500 per qualified member and the state would match it 3-1. There needs to be a registration and list submitted by July 15th to be eligible for the firstyear funding. The program is new and many of the details will need to be ironed out yet. Council gave the goahead to submit the roster and develop the point system for the registration.

LOT DISCUSSION - HARVEST HEIGHTS: Ganzer gave an update on establishing incentives for the sale of lots. Kelley with JCEA will be updating our Urban Renewal Plan, and we decid ed it would be a good time to include an allowance for using TIF if we decide to go that route. Another option would be to budget incentives from the general fund. Ganzer also is working with the city's realtor for Harvest Heights, Dana Olsen on providing me the contact information for contractors that may be interested in putting up spec homes and Marla with ECIA is helping me reach out to other city clerks to see what they have done. tial thoughts were that other parties have been denied in the past, as it has been the city's preference would be for building a home. It was also discussed on what other possible locations are available.
