October 23, 2025,
Wayne County Courthouse
Lower-Level
Conference Room
Corydon, Iowa
9:00 AM until completed
Michelle Dooley
Wayne County Auditor & Commissioner of Elections

Caleb Housh

1.The job of improving internal communication and holding people accountable is not the responsibility of the board. The role of the board is to have regular communication with the superintendent and hold that person accountable. It is up to the superintendent and principal to maintain internal communication and hold the staff accountable. When issues within the school arise, I believe the board should address the issue with the superintendent and principal and let them take care of the issue. We pay them to perform a job, and I trust both to take care of problems.

2.I am running for school board because I know I will be a tremendous asset to the board. I have served as Mayor of Seymour for 16 years and served on numerous boards in Wayne County and across the State of Iowa. I have years of experience working with different kinds of people. My leadership skills will be a resource for the board and the community. There is no one reason that is motivating me to

run. I know I will be an asset to the board and if elected I will give everything I have to help the board in any way possible. I have volunteered countless hours to the school between coaching, mowing and saying yes anytime they needed volunteers. I would like Seymour Community Schools to reach its full potential, and I will do everything I can to make that happen.

3. I graduated from Seymour Community Schools in 1996. I attended the University of Central Missouri and graduated in 2002. My family and I have lived in Seymour since 2006. I have 2 kids currently enrolled in Seymour. I also have a stepson that lives in Lisbon, IA with his wife and 2 children. I work at Lockridge, Inc and have been very involved in the Seymour community. I have served as Mayor for the past 16 years and have coached youth sports for many years. Every year at Old Settlers we raise money for the Seymour Ball Association and have raised almost \$20,000 over the past 15 years.

4.The role of the school board is to work directly with the Superintendent on multiple levels.

The education of our students should be a top priority. In addition to education, the role of the board is to adopt policies and procedures that support the goals set by the board. The board also oversees the finances of the school by creating a yearly budget and managing expenses to ensure spending does not exceed the budget. As Mayor of Seymour, I have extensive experience creating and maintaining a yearly budget. I believe the board should set forth specific expectations each year and base their decisions on maintaining and achieving those expectations. Board members need to be present at most school functions. I would like to see board members at most if not all home sporting events. These events are a great time to talk to parents and most importantly support our student athletes. I will not be a board member once a month at our meetings. I will be supporting and promoting Seymour Community Schools every day of the year.
