

WASHINGTON COUNTY

PROCEEDINGS OF THE WASHINGTON COUNTY BOARD OF SUPERVISORS MEETING
TUESDAY, MAY 20, 2025

At 9:00 a.m., Chairperson Richard Young called to order in regular session a meeting of the Washington County Board of Supervisors which took place at Orchard Hill. Items on the agenda included the following: Pledge of Allegiance, approval of agenda, public comment related to agenda items, Approval of Certificate of Appointments for Deputy Sheriffs' & Civil Process Servers, Personnel change requests for Ambulance Services, Secondary Road Use request for Tractorcade 2025 tractor parade, Washington County Secondary Roads Department 2025 Iowa DOT Budget Amendment, Department Head com-

ment, adjourn.
Supervisors Marcus Fedler, Bob Yoder, and Stan Stoops were also present. Jack Seward was absent.
Other individuals in attendance included Kalen McCain with the SE Iowa Union, County Engineer Jacob Thorius, County Ambulance Director Jordan Wright, Chief Deputy Sheriff Shawn Ellingson, Board of Supervisors Administrative Assistant Amber Williams, and County Elections Administrator, Angela Langstraat. Various other individuals listened and/or watched remotely via Zoom.
Yoder led the individuals assembled in reciting the Pledge of Allegiance.
All motions were passed unanimously unless noted otherwise.
No motion was made to approve the Agenda.

There was no public comment.
On motion by Fedler, seconded by Yoder, the Board voted to approve, and authorize the Chairperson to sign, the appointment of the following individuals to the position of Civil Process Server: Jill Duwa, Victor Rico, and Darren J. Dennler. Each individual's term ends December 31, 2028. Ellingson shared that these individuals needed to be sworn in after January.
On motion by Fedler, seconded by Stoops, the Board voted to approve, and authorize the Chairperson to sign, the appointment of the following individual to the position of Deputy Sheriff: Tyler Ross Kleese. This individual's term ends December 31, 2028.
On motion by Stoops, seconded by Yoder, the Board voted to acknowledge, and authorize the Chairperson to sign a personnel change request for Hogan Miller. Hogan will be going from a Level 2 to a Level 3 paramedic and includes a

pay increase at the rate of \$32.30 hourly, at \$29.52 hourly, effective May 20, 2025.
On motion by Fedler, seconded by Yoder, the Board voted to acknowledge, and authorize the Chairperson to sign a personnel change request for Kurtis Olson. Kurtis will be going from a Level 2 to a Level 3 EMT and includes a pay increase at the rate of \$26.98 hourly, from \$25.94 hourly, effective May 27, 2025.
On motion by Stoops, seconded by Fedler, the Board voted to acknowledge, and authorize the Chairperson to sign a personnel change request for Ian Gannon. Ian will be going from a Level 4 to a Level 5 paramedic and includes a pay increase at the rate of \$38.11 hourly, from \$33.78 hourly, effective June 10, 2025.
On motion by Fedler, seconded by Yoder, the Board voted to approve the Secondary Road Use Request for Tractorcade 2025 tractor parade. The tractor parade will be coming through Wash-

ington County on June 9th for one day and then will be leaving. Insurance is on file and ready. The Police Department still has some intersections to work on but will be simple for the County.
On motion by Yoder, seconded by Fedler, the Board voted to approve the Washington County Secondary Roads Department 2025 Iowa DOT Budget Amendment. This is amended paperwork due to some clean up and is necessary so that the formatting matches what we recently did in the amended budget.
At 9:12 a.m. on motion by Stoops, seconded by Fedler, the Board voted to adjourn.

WASHINGTON COUNTY 9-1-1

EMERGENCY MANAGEMENT/911 COMMISSION/COMMUNICATIONS COMMISSION MEETING MINUTES
WEDNESDAY MAY 14TH, 2025, 6:00 PM
WASHINGTON COUNTY EOC – EMERGENCY COMMUNICATIONS BUILDING
2183 LEXINGTON BLVD., WASHINGTON IA 52353

In attendance: Richard Young, Mark Robe, Cara Sorrells, Ryan Miller, Roy Felts, Melvin Rich, Allen Schneider, Jared Schneider, Walt Jackson, and Millie Youngquist.
At 6:00 PM, Chairman Ryan Miller called the Emergency Management Commission meeting to order.
A roll call was conducted, and a quorum was present. Present were representatives from Brighton, Crawfordsville, Kalona, Riverside, Washington, Wellman, the Sheriff's Office, and the Board of Supervisors. Absent were representatives from Ainsworth and West Chester. The approval of the agenda was requested. Mark Robe made a motion to approve the agenda. Millie Youngquist seconded the motion, and the agenda was approved with no one opposed. Chairman Miller then requested a motion to approve the minutes from the previous meeting, dated April 9th, 2025. Millie Youngquist made a motion to approve the minutes. Mark Robe seconded the motion and the motion passed unanimously.
The first item on the agenda under new business was an email we had received about a COA renewal for the drone(s). This is a Certificate of Authorization issued by the FAA (Federal Aviation Administration) that allows a government agency or specific organization to operate drones in the national airspace for specific purposes. This agreement covers EMA and the Sheriff's Office drones. The email was from Jeremy Latchaw with Macatawa Unmanned Systems with a cost of \$1750. It is for two years and ours expired May 11th, 2025. Walt Jackson (Henry County EMA Coordinator) was in attendance and verified that the COA is a valid document/expense. He also mentioned that Brett Ferrel in Jefferson County was hosting a drone operator class soon if we had anyone that needed certification. Roy Felts made a motion to approve the COA renewal and Felts' motion was seconded by Mark Robe. The motion passed with no one opposed.
Next Cara Sorrells reported that we had received a check for the EMPG (Emergency Management Performance Grant) in the amount of \$4,973.65. She also reported that an AED would be de-

ployed in Washington's Central Park at the new bathrooms hopefully before KidzFest. One is also being deployed at the Fairgrounds. Sheriff Schneider added that the one at the Fairgrounds will be at the Kiwanis building.
Next up under purchases Sorrells advised that we had received claims in the amount of \$2183.11 and \$17.79 from Alliant. The larger amount was for the electric bill for the Emergency Communications Building and \$17.79 was for electricity at the West Chester and Washington High School sirens. We also paid the monthly EMA phone/cable claim which totaled \$101.82. Millie Youngquist made a motion to approve the claims as presented. Youngquist's motion was seconded by Mark Robe and approved unanimously.
Under old business the Hazard Mitigation Plan update was the first item. Sheriff Schneider asked about our interest in applying for grant funds for the plan update. Walt Jackson advised that those who have used the grant end up paying more for the plan (an example given was \$35-40K versus \$15-20K). He also updated the Commission that those grant funds are part of a Federal BRIC (Building Resilient Infrastructure and Communities) grant which FEMA is ending. Jackson was familiar with someone who wrote the plans for several surrounding counties and thought she charged about \$20K. He will send her contact information. We have two other names already (Eocene/Ben Curtis and Two Rivers) in addition to the suggestion that ECICOG can do it as well. We will seek written proposals for the next meeting to compare and decide.
The siren project update was next on the agenda under old business. The sirens in Washington, Riverside, Ainsworth, and Crawfordsville are not online yet. However, all of the sirens were able to be tested on the first Wednesday of the month, either by the new computer interface or the old siren tiles on the radio console. RACOM has built new tiles for all of the sirens as a back up to the new system on the radio consoles which can be activated once RC Systems finishes the project. RC Systems was paid \$292,836.37 and documentation was submitted to the WCRF for the siren grant. The WCRF in turn reimbursed us \$245,516. The grant will cover 69% of this project. We have received \$15,000 from Riverside and Wellman for the siren project. We also received \$359,604 from the Washington County Auditor for the siren project funds.
The next item was the approval of ESF plans 1,3,7, 10 and Infrastructure that are due at the end of May.

Walt Jackson was asked to look them over, and he verified that Marissa has submitted them to the state. Jackson stated the plans were okay and that the Plan Adoption Document needed to be signed and submitted. The Infrastructure document was acceptable until they get new guidance. Allen Schneider made a motion to approve the Plan Adoption Document and authorize the Chair to sign. Roy Felts seconded the motion and it passed unanimously. The signed original was given to Jackson to submit to the state and a copy was kept for the file here by Cara Sorrells.
The last item under old business was discussion and update reference the hiring process for a new coordinator. Richard Young gave an update on the status of the hiring process. Out of the eight applications received they are down to just three candidates. Two of the candidates have had a second interview and the third candidate is scheduled for a second interview on May 30th. The hiring committee is comprised of Sheriff Jared Schneider, Cara Sorrells, Ryan Schlabaugh, Richard Young, Millie Youngquist, Jacob Thorius, and Roy Felts. Walt Jackson mentioned he really didn't see it posted on the IEMA website. He offered, if need be, to post information in the future. He would just require a short paragraph describing the job posting.
There was nothing for the Commission under public input. The next meeting was scheduled for June 9th, 2025, at 6:00 PM.
Mark Robe made a motion to adjourn the Emergency Management meeting, and the motion was seconded by Roy Felts. The Emergency Management meeting was adjourned at 6:41 PM.
At 6:44 PM, Chairman Richard Young called the 911 Commission meeting to order. Present were representatives from Brighton, Crawfordsville, Kalona, Riverside, Washington, Wellman, the Board of Supervisors, and the Sheriff's Office. Ainsworth and Emergency Management were the only commission members lacking representation. A quorum was determined. Chairman Richard Young made a request for an approval of the agenda. Mark Robe made a motion to approve the agenda as presented. Millie Youngquist seconded the motion, and the agenda was approved with no one opposed. A request was then made for a motion to approve the minutes for the last meeting dated April 9th, 2025. Millie Youngquist made a motion to approve the minutes from the last meeting and the motion was seconded by Roy Felts. No one was opposed and the motion passed.
The approval of claims was next, and Cara Sorrells detailed the claims. This month's 911 claims contained a

payment to Cummins for \$1,131.18 for generator preventative maintenance at the tower sites, \$20,654.32 to CenturyLink for maintenance contracts for the VIPER 911 phone system, and \$8,222.42 to Vertiv Corporation for the maintenance agreement on the UPS units in the Emergency Communications building. The total of the claims was \$35,506.58. The total of the receipts was \$58,314.73 and included the 3rd quarter wireless surcharge payment of \$44,354.10. Roy Felts made a motion to approve the claims as presented. The motion was seconded by Mark Robe. The motion to approve the claims was passed unanimously.
Under new business Sorrells reported that there was no new information on HSB 332 which proposed taking a bigger portion of the wireless surcharge from local 911 joint service boards to offset the State 911 Programs' upcoming budget shortfall. It made it out of subcommittee but had great opposition and hadn't moved forward. The end of the legislative session is approaching and all eyes are on this issue to see what may come of it. If nothing comes this session, it will be in the forefront again next year.
Under old business the update on the Wellman tower purchase has been completed by Washington County. The FCC tower registration has been switched from Wellman Telephone to Washington County and the utilities have also been switched over. RACOM needs to complete the installation of radio equipment in the shelter and the generator needs hooked back up by the electrician. Once RACOM installs the equipment there are some updates needed at Kalona and Brighton to the microwave loop. We had also previously discussed another radio testing/site survey to check the coverage in the Wellman area. Lastly, Sheriff Schneider mentioned that we need a padlock there.
The next 911 meeting was also set for June 9th, 2025, at 6:00 PM. A motion was made to adjourn the 911 Commission meeting by Mark Robe and seconded by Millie Youngquist. The 911 Commission meeting was adjourned at 6:53 PM.
At 6:53 PM, Chairman Ryan Miller called the Communications Commission meeting to order. Present were representatives Richard Young (for Stan Stoops and Jack Seward, Jr.), Ryan Miller, Mark Robe, and Millie Youngquist. Alternates Melvin Rich and Allen Schneider were also present. A quorum was determined.
Chairman Miller made a request for an approval of the agenda. Millie Youngquist made a motion to approve the agenda as presented. Allen Schneider seconded the motion, and the agenda was approved with no one opposed. A request was then made for a motion to

approve the minutes from the previous meeting dated April 9th, 2025. Mark Robe made a motion to approve the minutes from the last meeting and the motion was seconded by Millie Youngquist. No one was opposed and the motion passed.
The approval of the claims was next, and Cara Sorrells detailed the claims. The total of the claims was \$1,463.96 and there was revenue reported totaling \$291,519 from the EMA levy. A motion was made by Millie Youngquist to approve the claims as presented. Allen Schneider seconded the motion, and the claims were approved with no one opposed.
There were no committee reports.
Under new business Sorrells had a personnel change request for Hunter Erwin. Effective May 8th, 2025, he will have a status change from full-time to casual part-time. Millie Youngquist made a motion to approve the personnel change request for Hunter Erwin. Mark Robe seconded the motion and it was approved without opposition.
Also, under new business Sorrells shared that two Washington County telecommunicators were honored at the Iowa APCO/NENA Spring awards banquet with milestone awards. Sandy Lovetinsky was honored for thirty-five years of service and Shelley Reed-Wulf was honored for twenty years of service.
Chair Ryan Miller shared pictures of the memorial wall that the city of Wellman is working on. 911 Communications is going to be included and the proposed date of completion is July 4th, 2026.
Following suit with the prior meetings, the next Communications meeting was set for June 9th, 2025, at 6:00 PM. Under old business the update to the Wellman site was covered under the 911 Commission meeting. The staffing update included that one trainee is working on her own as of April 1st and was doing very well. There is still one full-time trainee in training. Sheriff Schneider urged Sorrells to post the full-time position vacated by Erwin.
Mark Robe made a motion to adjourn the Communications Commission meeting. Millie Youngquist seconded the motion. The meeting was adjourned at 6:58 PM.

Respectfully submitted by,
Cara Sorrells

Official Publication, minutes to be approved at the June 9th, 2025, meeting. Any amendment to the minutes will be reflected in the following meeting minutes
