We can stop HIV, Iowa:
by protecting our sexual health when we talk, test, treat.

STOP HIV IOWA
Find testing near you! Scan the QR code or visit **stophiviowa.org**

talk
Talk with your partner **before** having sex.
Talk about **when** you were last tested & suggest getting tested together.
Talk to your healthcare provider about your sex life. Ask them about HIV and STI testing—including **what tests you need** and **how often**.

test
Get tested! It's the only way to **know for sure** if you have HIV or an STI.
Many STIs, including HIV, **don't cause any symptoms**, so you could have one and not know.
If you're not comfortable asking your regular provider for an HIV or STI test, find a clinic that provides free or low-cost confidential testing.

treat
HIV and all other STIs are **treatable**.
If you test positive for an STI, work with your healthcare provider to get the right treatment.
If you test positive for HIV, your provider or testing location will connect you to treatment & resources!
