Join us for a warm cup of coffee, a

sweet treat, and a conversation about

the services we provide for Sac County.

The Sac County Endowment Foundation (SCEF) is announcing their new round of grants for 501(c)(3)Non-Profit organizations and Units of Governments located in and serving Sac County. All projects submitted must be vertical infrastructure.

Each year the SCEF receives funding from the Iowa Gaming revenue, as established by the 2005 County Endowment Fund under the Iowa Department of Economic Development. Of these funds, 75% must be used for projects in the county and 25% must be retained in a permanent endowment fund intended to attract other donations and provide a source of permanent funding for charitable projects within the county.

The Foundation has addressed community issues, needs, and opportunities to worthwhile projects across the County through the SCEF grant awards.

The SCEF will provide a training session on Thursday, September 11th at 4:00 pm at the Wall Lake Community Center lower level city council meeting room. Individualized grant training is also available to your organization upon request. This training is not required, however it is strongly suggested and will be helpful in assuring your submitted grant is

signed, completed properly, and all documents are included. Incomplete applications will not be considered for funding.

Those interested in the grant training or those who wish to obtain a grant application should contact Dawn Potthoff at dpotthoff_tax@ netins.net or call 712-660-0116 for an electronic application. The deadline for submitting the grant application will be noon on Friday, October 3rd at the office of Potthoff Tax & Accounting, LLC, 109 Main Street, Wall Lake, IA. Please call in advance prior to dropping off the completed application and copies. You may also contact your community SCEF Board Member for questions regarding completing and submission of your application.

The SCEF does not fund ongoing project support or operating support, annual and capital campaigns, budget deficit or reduction of debt, fund of completed projects or those that have already been started, or other endowments, individuals, recurring funds, vehicles or religious purposes. Only 50% of a project can be funded with endowment foundation money and you must be able to provide matching dollars with documentation
