The second white child born in what is now the city of Chicago was "Auntie" Georgia Lahman, 88 years old, now a resident of Wiota. Born in Fort Dearborn Sept. 15, 1836, she moved to Iowa as a young girl, first settling in Panora then moving to Wiota in 1895. Her husband, Van, engaged in the mercantile business right up until his death in 1897. Mrs. Lahman is small in stature but mighty in spirit. For twenty-six years she has kept her home and at the advanced age of 88 years "keeps boarders," the teachers of the Wiota School making her home their home during the school year. Loved by all, she is hale and hearty and a living example of the truism that one can be 88 years "young."

During the meeting, the council, clerk mayor and members of the public shared updates and voiced concerns. One issue raised was the condition of several ditches around town, which have either filled in with silt or been intentionally abandoned. As a result, water is often forced to flow across streets and pool in low areas. The city encourages property owners to keep ditches and runoff areas clear to help prevent erosion and reduce street washouts

The fire department also announced plans to sell the older ambulance to help offset the cost of the new one. Minor exterior repairs will be needed on the cinder block restrooms in the city's public parks.

This year, Anita's annual Steak Fry weekend in August will coincide with the town's 150th anniversary.

July 19, 1900 125 yrs. ago J.W. Brooks and family and F.L. Fritt and wife made a trip to Sunnyside park one evening last

# A Peek Inside the **Cass County**

### **Historical Museum**

The Cass County Historical Museum, located in Griswold, opened for the season earlier this summer.

Museum volunteers worked diligently in the off season to

make sure that visitors will enjoy this freshly cleaned and updated historical venue. Displays have been revamped, reimagined and rearranged. Favorite displays remain, while others have been updated to keep the venue interesting season to season.

Upon arrival, you will be greeted by our Indian Chief, his squaw and their papoose, all part of the extensive and authentic Native American collection of beaded items, rocks and artifacts.

The museum houses irreplaceable pieces from around Cass County - from Franklin H. Whitney's desk he used at Whitney Bank in Atlantic, to stained glass windows salvaged from the old Hotel Arlington of Griswold. Enjoy displays highlighting every town in the county; toys from the 1940s-1960s; school memorabilia and yearbooks from area schools.

One of our most popular

112,384.14 rooms contains the Kirchhoff Collection of 100 built-to-scale, miniature replications of barns

and buildings. Our museum is open to everyone. From youth groups to family reunions to couples looking for an afternoon activity out of the summer heat – pop in at your leisure during open hours or schedule a guided tour. Our volunteers look forward to showing off this gem on Main Street.

Free admission, handicapped accessible. Open from 1-4 p.m., Wednesday through Sunday, through Sunday, November 2. The Cass County Historical Museum is dedicated to preserving the past for the future...come take a peek!

velopment updated the council on the ongoing revitalization of the Sun Vallev Subdivision. The group has secured no-interest loans from both CADCO and the Cass County Supervisors to build two brand-new homes-each featuring 3 bedrooms, 2 bathrooms, and a detached 2-car garage

Construction is expected to take approximately six months. Once completed, the homes will be moved to their permanent locations on the north side of Sun Vallev Drive.

Floor plans are available to view online at www.homesforia.com, or printed copies can be picked up at City Hall.

The homes will be sold on a firstcome, first-served basis. If you or someone you know is in the market for a new home, please contact a member of the Anita Development group or the City Clerk for more information.

Street Superintendent Eric Steffensen provided the council with an update on recent department activities. Due to the recent rainfall, keeping up with mowing in the parks and public spaces, as well as maintaining washed-out alleys, has been a challenge. The street department appreciates the public's patience as they work through these weather-related delays and welcome the much-needed moisture.

In other updates, parking lines on Main Street have been freshly repainted, and both concrete and hot patch repairs have been applied to address problem areas throughout town.

Superintendent Steffensen presented
