Iowans' Unemployment Benefits increase now in effect

trator@cityofavoca.com

DES MOINES - Iowa Workforce Development, as part of its required annual review of unemployment insurance (UI) wages, announced that the maximum weekly benefit for unemployed Iowans will increase effective the benefit week of July 6, 2025.

SCHOOL NUTRITION FUND

Per Iowa law, IWD uses a formula each year to determine the maximum and minimum benefit amounts, taking into account the number of Iowans covered by unemployment insurance and their gross wages.

This year's review has determined that the maximum weekly benefit for unemployed Iowans will increase to \$763 in Fiscal Year 2026, up from \$739 in FY 2025. The full table of benefit rates for FY 2026 is below.

Important note: The increases highlighted above raising the maximum possible benefits for unemployment recipients will take ef-July 6, 2025. Other changes because of recent legislation that lowered the taxes paid by Iowa employers – changes that will have no impact on benefits for claimants – will take effect at the beginning

Governor Kim Reynolds signed Senate File 607 into law, simplifying the state's fraction from two-thirds to

unemployment insurance tax tables and decreasing the maximum tax rate for employers from 9 percent to 5.4 percent. Iowa emfect with the benefit week of ployers pay unemployment insurance taxes for each employee based on a rate assigned to the employer (per that employer's history in the unemployment system) multiplied by the "taxable wage base," which is defined in state law as a fraction of On June 5, 2025, Iowa the average annual wage in Iowa during the previous year. SF 607 lowered that

one-third of the average annual wage.

Iowa's average annual wage is recalculated by Iowa Workforce Development every year at this time as part of the same previously described process to determine the maximum and minimum unemployment benefit. The average annual wage in 2024 was \$61,098.90.

Factoring in the new law, the taxable wage base for Calendar Year 2026 will decrease to \$20,400 from \$39,500 in CY 2025.
