Ringsted Blood Drive to be Held April 8th

Donors needed now as hospital demand outpaces blood donations

The American Red Cross is experiencing a national blood shortage. Few donors than needed have given blood this year, drawing down the national blood supply and reducing distributions of blood and platelets of the most needed blood types to hospitals. Donors of all blood types are urgently needed, and there is an emergency need for platelet donors and type O blood donors to make an appointment to give now to ensure patients across the country continue to receive critical care. Right now, blood product distributions to hospitals are outpacing the number of blood donations coming in. The Red Cross needs blood and platelets now. Schedule an appointment to give blood on Wednesday, April 8th, from 1:00 p.m. to 6:00 p.m., at the Ringsted Legion Community Center by visiting RedCrossBlood.org, and enter: RINGSTEDIA. You may also call 1-800-REDCROSS (1-800-733-2767). Or you may call Barb Christensen at 712-260-0375, Cindy Liljedahl at 712-260-2155, or Karen Witte at 712-260-7499 to schedule an appointment.

More than 240 Iowa Nurse Leaders Gather at the State Capitol for Iowa Organization for Nursing Leadership Day on the Hill

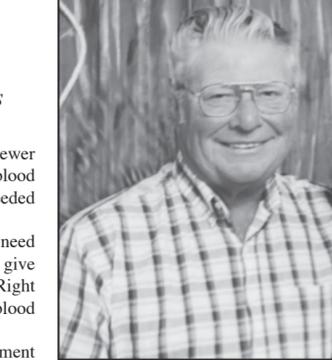

On Wednesday, March 11, more than 240 nursing leaders and advocates, representing 76 Iowa hospitals and health systems across the state, gathered at the Iowa State Capitol for the Iowa Organization for Nursing Leadership (IONL) annual Day on the Hill. Local nurse leader Stephanie Colvin, Chief Nursing Officer attended, representing Kossuth Regional Health Center. "The Day on the Hill highlighted the importance of collaboration between nurses, healthcare administrators, and policymakers," said Colvin. "I am grateful for the opportunity to stand alongside fellow hospital nurses and thank our legislators for their continued work to support their care and strengthen Iowa's healthcare system." The impactful day empowered IONL members to connect with lawmakers to strengthen dialogue and influence key health care policies in Iowa. "Nurses are a vital component of Iowa hospitals and communities," said Amanda Mohr, IONL President and Chief Nursing Officer at Greater Regional Health. "IONL Day on the Hill is an opportunity for nursing leaders and frontline staff to share their stories and evidenced-based practice needs within the healthcare system face-to-face with elected officials." Participants discussed key issues including workforce shortages, improving access to care for rural and underserved communities, as well as lowering health care costs. Throughout the day, attendees met with legislators, attended policy briefings and shared stories illustrating how legislative decisions impact patients, health care providers and local economies. The event reinforces IONL's commitment to shape the future of health care delivery, education and health policy. "The essentials in Iowa, rural and urban, are essential to the stability and growth of the community in which they serve," Mohr said. "Not every community hospital has exactly the same needs, and IONL Day on the Hill allows nursing leaders to share actual experiences and solutions to care within those communities." IONL is a personal membership group (PMG) of the Iowa Hospital Association. PMGs offer hospital professionals opportunities to learn and network with colleagues across Iowa. IHA represents 121 hospitals and health systems across the state and supports its members through advocacy, education and data services.
