Working Foreman Culvert
The Decatur County Engineer's Office is accepting applications for the position of "Working Foreman - Culvert."
Qualified applicants must have a high school diploma/GED equivalent, with at least 3 years of experience operating heavy equipment. Class A CDL is required. Applicants must be able to pass the following: driving record screening, post offer pre-employment physical examination, and drug test.
This role is essential for ensuring the integrity of our county's drainage systems and road safety. Applicant will be responsible for overseeing the daily operations of a dedicated crew, managing culvert installations, and assisting with various road construction and maintenance projects.
Key Responsibilities:
Crew Leadership: Supervise and coordinate the daily activities of the culvert crew, ensuring work is completed safely, efficiently, and according to specifications.
Equipment Operation: Safely operate heavy machinery, including excavators, dozers, skid steers, and dump trucks.
General Road Maintenance: Assist with secondary road duties such as brush cutting, sign installation, bridge repair, snow removal, and gravel hauling as needed.
Effective written and oral communication skills are a requirement of this position, along with the ability to establish working relationships and convey information with co-workers, officials, and the public.
Salary will be per the Collective Bargaining Unit Agreement.
Applications are available at the Engineer's Office or on the County website. Decatur County is an equal opportunity employer.
If you have questions please contact the Engineer's Office at 641-446-7131.
